Dear Alina;

This paper is long overdue. Owing to the circumstances experienced after leaving your "Stowell" facility; I was unable to reply to your request. However; within the commercialized structure of any business, credibility is never too late.

On account of your request, I should say that the time spent on your compound was most satisfying in regards to security, and cleanliness. As to attendance, I would say; LABOR OMNIA VINCIT. Labour conquers everything.

Sincerely yours

Dr. W. Williams
